

How do I edit and email my personal fundraising page?

When you registered you received an email with the subject "Support us through your web page."

- **Within that email there is a large gray box with the title "Would you like to improve your fundraising?"**
- **Click on the link in the box to get to your commitment center which is where you can edit your personal page.**
- **When you get to your commitment center you'll see a blue Edit button just below the Steps logo that you will click to change the photo or text.**
- **There is also a Share button on the right side which allows you to email out the link to the fundraising page.**

If you cannot locate the e-mail with your commitment center, please click on "Forgot your Login Info" so it will be resent.
